## APPLICATION

Honorable Felix J. Boudreaux  
Commissioner of Conservation  
Louisiana Office of Conservation  
P. O. Box 94275  
Baton Rouge, LA 70804-4275

RE: Siphonina Davisi 1 Sand, Reservoir C  
Planulina Zone, Reservoir A  
Southeast Avery Island Field  
Iberia Parish, Louisiana

Dear Commissioner Boudreaux:

Application is hereby made on behalf of **D-O-R ENGINEERING, INC.** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of Orders pertaining to the following matters in the **Siphonina Davisi 1 Sand, Reservoir C**, and the **Planulina Zone, Reservoir A**, all in the Southeast Avery Island Field, Iberia Parish, Louisiana, to-wit:

1. For each of the above-referenced reservoirs, to establish rules and regulations and create drilling and production units for the exploration for and production of oil and gas, such units to be designated respectively SIPH D 1 RC SUA, SIPH D1 RC SUB and PLAN RA SUA;
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed units, with each tract sharing in unit production on a surface acreage basis of participation;
3. To designate a unit well for the proposed units;

OF COUNSEL  
WILLIAM E. KELLNER

4. To designate D-O-R Lease Service, Inc. as the unit operator for the proposed units;
5. To provide that the Commissioner of Conservation should be authorized to reclassify these reservoirs by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation;
6. To provide that any future wells drilled to these reservoirs, should be exempt from the spacing provisions of Statewide Order No. 29-E;
7. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Siphonina Davisi 1 Sand in the Southeast Avery Island Field was previously defined in Office of Conservation Order No. 906-D, dated March 24, 1997.

The Planulina Zone in the Southeast Avery Island Field, is hereby defined as that certain oil and gas bearing zone encountered between the depths of 17,340 feet and 17,642 feet, electric log measurements, in the Great Southern Oil & Gas - Iberia Investment Corp. No. 1 Well, located in Section 44, Township 13 South, Range 16 East, Iberia Parish, Louisiana, and is hereby further defined as that zone encountered between the depths of 17,938 feet and 18,620 feet, electric log measurements, in the Clinton Oil Co. - Weeks & Associates No. 1 Well, located in Section 50, Township 13 South, Range 6 East, Iberia Parish, Louisiana.

A conference to discuss the proposed application and any opposition thereto was held at 10:30 a.m., on June 14, 2002, at Onebane Law Firm, 102 Versailles Blvd., Suite 600, Lafayette, Louisiana 70502, (337) 237-2660. A list of the parties who attended the pre-application conference is attached. Randall C. Songy, attorney for the applicant, opened the conference with a brief discussion of the Rules of Procedure. David Comeaux, geological consultant for the applicant, explained the applicant's proposal and the geological, engineering and other bases therefor, and answered questions. The applicant specifically noted that the PLAN RA SUA was slightly different than the proposal attached to the pre-application notice. There were no counter plans presented, though several parties indicated they were still considering doing so. The conference was then adjourned.

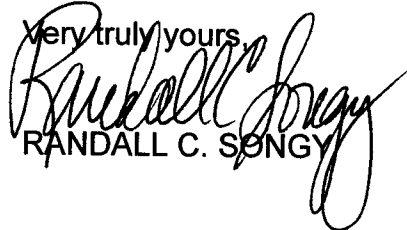

The applicant also specifically noted at the conference that it would be proposing a second "tack on" unit for the Siphonina Davisi 1 Sand and asked whether any of the attendees had any procedural objections to the inclusion of that "tack on" unit in this application, rather than in a separate application. No attendees objected to this procedure. If an Interested Party who did not attend the conference desires to have a conference to

discuss this "tack on" unit and requests such a conference within ten (10) days of the date of this Application, the applicant will call an additional conference.

Pertinent data relating to the proposed application can be obtained, AT THE COST OF THE REQUESTING PARTY, by contacting Mr. David Comeaux at Leon Comeaux & Associates, 305 La Rue France, Lafayette, Louisiana 70508 (Phone: 337-233-9839).

There is attached hereto and made a part hereof plats outlining the proposed units and a list of the names and addresses of the interested parties to whom this unitization proposal is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished ONLY to the Commissioner of Conservation and to the District manager of the Lafayette District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed herein is our check in the amount of \$1,400.00 made payable to the Office of Conservation in payment of the required hearing application fee.

Very truly yours,  
  
RANDALL C. SONGY

All Interested Owners, Interested Parties and  
Represented Parties

**P.S. To all Interested Owners, Represented Parties and Interested Parties:**

You may have received this Application even though your property is not included in the proposed unit, because the Revised Rules of Procedure require us to attempt to also notify everyone owning an interest in the area "proximate to" the proposed units. In some cases, the area proximate to proposed units can extend as far as one-half mile outside the unit boundary.

Your receipt of this Application does not require you to take any action. It is meant to notify you of these proceedings so that you have the opportunity to participate if you so desire.
